Claims Management Services

Carrier Notification

After a client reports a claim to us, the appropriate carrier(s) will be notified in compliance with policy requirements. The client does not have to make a determination of what coverage line applies or may apply.

Monitoring Specific Claims

This service is provided for any account where a difficult claim exists, as identified by the account executive, claims management specialist, or client. This includes intervention in lawsuits and any claim where the insurance carrier fails to act in a timely and responsible manner.

Claims Reports

Claims reports are provided when requested by the customer and/or account executive.

Claims Meetings

Claims meetings are scheduled and facilitated when requested by the customer and/or account executive.

Workers' Compensation Claims

We will conduct a workers' compensation claims review prior to the unit stat card filing. This service is provided for workers' compensation customers when requested by the customer and/or customer account executive.

Workers' Compensation Experience Modifier

A review of the workers' compensation experience modifier at the end of the policy service is provided to determine:

1. If re-filings are possible, and
2. What advantages might exist to the client for re-filing.

The service is provided at the request of the customer and/or account executive.

Medical Clinic Visits

When medical visits are needed, meetings are arranged between the customer and area medical clinics to gain familiarity with the services, procedures, and requirements of those clinics. This service is provided upon request of the account executive, but only when approved in advance by the Claims Management Specialist.

Assisting customers with their claim issues remains the primary goal of The Reschini Group Claims Management Group

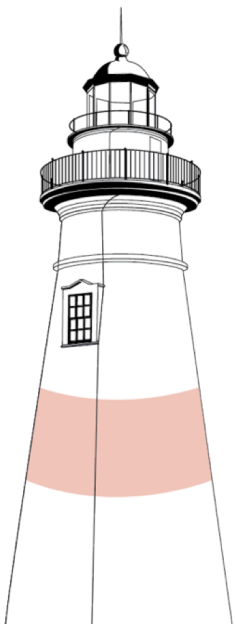

Any services provided by carriers or other vendors will be coordinated by The Reschini Group Claims Management Specialist, so clients know that we are looking out for their claim-related concerns.

The Reschini Group Claims Management Group provides the following services. Selected services are provided as needed and determined in consultation with your account executive, Chris Kuhar.
